DOMAINE SAINT ROMAIN '20 "JONGIEUX," JACQUERE, SAVOIE, FRANCE

CL

Grown Organically on limestone marl soil and aged exclusively in stainless steel, this 100% Jacquere is a classic example of the regional varietal of Savoie. Crisp, clean alpine minerality abounds from this small production winery nestled against the Swiss Alps on the French side of the border.

ERSTE + NEUE '20 LAGREIN, ALTO ADIGE, ITALY

CL

We've long been fans of this producer's white wine but were very pleasantly surprised by how great this 100% varietal Lagrein is! Deeply layered, rich dark fruit is followed by a soft, mineral driven structure.

CESCONI '16 "PLETTER," LAGREIN RISERVA, TRENTINO, ITALY

CL

Grown at about 1,000 feet above sea level, this 100% Lagrein shows what a bit of aging can do to benefit this varietal. A bit more rustic spice peaks through the notes of blueberry and violet on a supple, smooth frame.
