

## VILLAGE VINO WINE CLUBS

We are dedicated to preserving small, family owned and operated wineries around the world.

Our members enjoy monthly selections of handcrafted wines specially selected to showcase unique wine varieties, styles, and regions.

### EXPLORERS CLUB

Two Bottles: 1 bottle of red and 1 bottle of white or the occasional rosé | \$40/Month

The Explorers Club is a great club for the wine lover or wine novice wanting to expand their palate. This club provides an introduction to a wide variety of wines, producers, regions, and varietals you may have never heard of previously.

### SURVEYORS CLUB

Two Bottles: Both Reds | \$50/Month

A club designed for the adventurous drinker interested in examining the world of red wines through a comparative lens. An engaging and educational experience.

### COLLECTORS CLUB

One Bottle: 1 bottle of red wine | \$55/Month

The Collectors Club offers red blends or single varietal red wines we think stand out from the crowd. Some are collectors items and cellar worthy, others are for more short-term consumption. Either way, these wines will bring you exceptional drinking pleasure.

We seek a balanced approach to sourcing wine varietals from around the world along with fabulous domestic wines. Our selections reflect tradition and typicity. Most selections can be consumed immediately, but many also are selected due to their complexity and can often be cellared.
