SCHNEIDER 2014 "WEILER SCHLIPF," GUTEDEL, BADEN, GERMANY

This 100% Gutedel, a rare German varietal, is a special treat given it's extended age. Medium bodied with notes of orchard pears and apples, it's slight, lively spritz and low alcohol level keep it incredibly fresh and compelling.

BIRGIT BRAUNSTEIN 2019 “HEIDE,” BLAUFRÄNKISCH, BURGENLAND, AUSTRIA

Blaufränkisch is one of Austria’s main varietals and winemaker Brigit Braunstein shows a very adept hand at expressing both the more rustic and dark, juicy characters of this grape in a way that speaks directly to where it is grown.

Bercher 2017 “Burkheimer,” Spätburgunder, Baden, Germany

CL

Germany has long been known for high quality Pinot Noir production (synonymous with Spätburgunder, their term for the grape) although the majority of us in the States might not know it. Often more lean, earthy, and rustic than what is produced in California or Oregon, this is a textbook example of Pinot Noir grown in a top quality site in Germany.

ORS

Moric 2017 Reserve Blaufränkisch, Burgenland, Austria

This example of a 100% varietal Blaufränkisch shows a level of finesse that comes not only from the age of the vineyards but also the time the wine has spent in barrel and bottle. Rounder red fruit notes along with marked herbal overtones make this wine sophisticated and almost akin to riper examples of Burgundy.
